# English Plus Digital Media Skills Intensive Summer course

---

This short course gives you the opportunity to:

- learn skills and techniques in, and explore ideas in, digital media creation
- improve your English, and practise by discussing things that you are interested in
- experience London
- make new friends with students from around the world on our large English summer programme

The course will include:

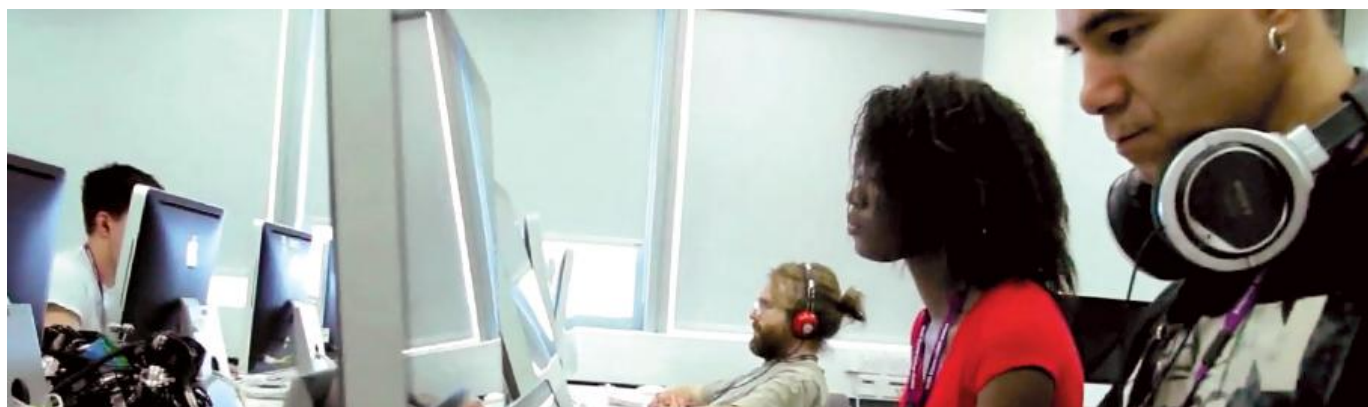

- 15 hours of English classes per week, Monday to Friday.
- 10 hours of Digital Media activities and classes over four days per week
- use of the specialised facilities and studios in our modern Wandsworth campus
- self-study facilities, including materials on stcBlackboard ; free internet access
- certificate of attendance

### Digital Media Skills

- This course is an introduction to creating digital media content using software such as Photoshop, Illustrator, InDesign, Dreamweaver, Final Cut and using HTML
- It will help you build confidence to develop new ideas and projects – still or moving images and sound - and help you to present your creative work visually and verbally
- Advice about visits to London museums, galleries and events, and how to use them for creative ideas and inspiration

### English

- Classes will help you improve all your language skills: grammar, vocabulary, reading, writing, listening, comprehension (understanding), speaking & pronunciation
- You will also learn about UK Life and Culture and “the London experience”
